

From Urocket Mission Control: "All Hands on Deck... All Hands on Deck!"

"T" minus 16 hours and counting before your Urocket account explodes into cyberspace. All active duty PBNEC Crew members have been placed on-call and are invited to register for Urocket on August 13th.

Tour of Duty includes:

TRAINING MISSION

Log 90 days of Urocket flight training at **NO COST TO YOU** in which you are designated an Ensign and authorized to explore the boundless possibilities and benefits that both Urocket and cyberspace have to offer!

Benefits to this position include:

- eMail - You'll have multiple web-based e-mail accounts to share with your family members at no extra cost. These accounts can be accessed anywhere you go.
- Searchguard by Lycos - Lycos' Search Guard offers parental access to advanced web-search tools and web-filters. This helps parents minimize their children's exposure to adult-oriented web sites. Parents can also eliminate risks that are inherent to children and teens participating in chat and e-mail exchanges.
- Personal Web Space & Web Publishing Tools - Build your own web site using Tripod web publishing tools. Each Urocket member gets 11MB of personal web space.
- Chat - Make new friends around the US. Learn more about your computer through special Urocket chat rooms designed for sharing "how-to" knowledge, tips and troubleshooting with other computer users.
- Access to eCommerce - The Urocket service and Lycos open the doors to e-commerce by bringing you an industry leading online shopping area. Whether you are looking for collectibles, clothes or anything else, chances are you will find it here.
- On-line Support - "Houston, we have a problem." To enhance your computing experience, the Urocket software includes support for one-click access to Tech. Support.
- Toll-Free Technical & Customer Support - If you encounter a problem with your Urocket service, you can reach our Technical and Customer Support team, 24 hours a day, 7 days a week.

EXPLORER MISSION

Upon completion of your first 90 day training mission, you will earn the rank of Lieutenant. All the rights, privileges and responsibility received during Ensign training will accompany that rank. To continue service in Urocket ISP (Internet Service Provider) you will be offered an exclusive flight plan pricing of \$5.00 per PBNEC pay period for 150 hours of service (additional hours are a nominal \$1.50 each). This offer is made available to "enlisted" PBNEC employees only. Join us on Aug 10th and be among the first to pioneer a program that guarantees countless numbers of cyberspace explorers to come.

'The sky is only the beginning, beyond lies the journey!'
